University of Cape Town

Rondebosch 7701, South Africa

Current OMPs are in place to recommend the annual quotas for rock lobster at Inaccessible, Gough and Tristan islands. The quota recommendations for these three islands are:

Inaccessible: **85 MT** (from 81 MT

Gough: **116 MT** (from 110 MT

The recently updated OMP for Tristan sets the TAC for 2017 at **120 MT**.

At a recent meeting a new OMP was selected for Nightingale. This newly developed OMP for Nightingale (which has an upper ceiling of 85 MT) sets the TAC for 2017 at **79 MT**.

¹ The convention used here is that the split season (eg 2016/17) is referred to as the “2016” season.
