

# How to: Use the Jagger Panorama

1. Download “Jagger Library Panorama Tour.exe” from <https://doi.org/10.25375/uct.16622584>
2. Double-click the file to run it. Your Operating System might warn you against running the file, in Windows 10 click the More Info option to allow the file to run.
3. The panorama tour will extract itself and then run. This may take a moment.

1. Click once to enter the panorama. You will see a screen similar to that shown below
2. The main elements of the interface are:
  - a. Viewing hotspots
  - b. Minimap
  - c. Sidebar

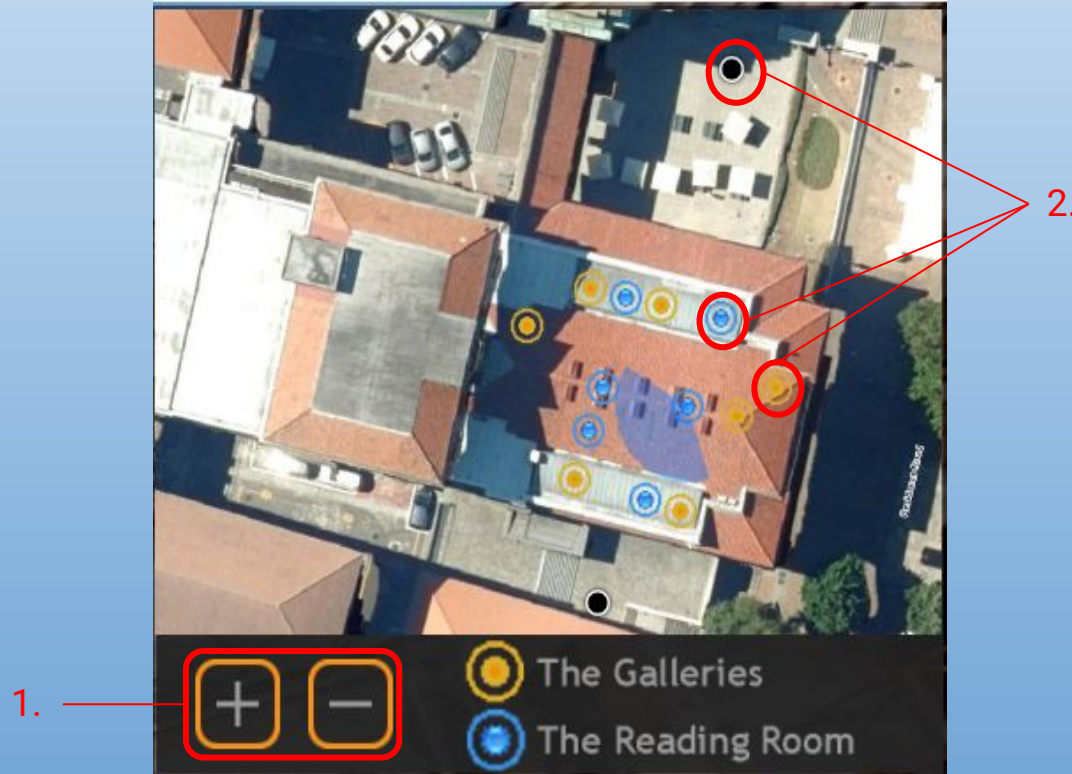

a. Viewing hotspots

1. Click on a view station marker to move to that hotspot
2. Click, hold and drag to change your viewing direction
3. Scroll your mouse wheel to zoom in/out

b. Minimap

1. Zoom controls for the minimap
2. Select a viewing hotspot to visit it (it may take a moment to respond)

a. Sidebar

1. Hide/Show the minimap
2. View a slide show of Jagger Library before the fire
3. Hide/Show hotspot markers
4. Help on navigating the panorama
5. Return home, to the start location

Enjoy!
